CAREER SUMMARY

Aspiring Junior Full Stack Developer with hands-on training in HTML, CSS, JavaScript, Java, React.js, Spring Boot, Bootstrap, Git, and Agile practices. Experienced in building responsive user interfaces, working with RESTful APIs, version control, and team-based web application projects. Skilled in stakeholder coordination, accurate documentation, reporting, digital performance analysis, and managing time-sensitive tasks. Motivated to apply newly acquired technical skills to contribute to practical, maintainable web applications within a collaborative software development team. My 4 years of professional experience have demonstrated that I am able to collaborate effectively, communicate clearly, and manage multiple priorities.

TECHNICAL SKILLS

- Programming Languages: HTML, CSS, JavaScript, Java, SQL
- Frameworks & Libraries: ReactJS, Spring Boot, Bootstrap
- Database: MySQL, database design, SQL queries
- Developer Tools: Git, GitHub, Visual Studio Code (VS Code), IntelliJ IDEA, Postman
- Others: Agile

PROFESSIONAL DEVELOPMENT

Generation Singapore (in partnership with Microsoft and Temasek Polytechnic)
